

EPISODE FIVE - REVIVAL: WHAT GOD IS SAYING AND DOING ANNE CALVER'S PROPEHTIC WORD

WHAT IS GOD SAYING? (PROPHETIC WORD 13/2/20)

"I want to liberate my church from everything that would hold them back. I'm not just talking about the work I'm doing on their hearts. There has been cultural baggage attached to their backs that I don't want them to carry. There have been western strategies and pathways to success that are no longer important to my plan. When I say I'm making everything new, I mean it. When I tell you 'that needs to die,' I mean it. Question and weigh everything that is old; do not use it, embrace it, push for it, encourage it, even if it appears to be a good or right thing to do. If you hit a roadblock ask why? Is it the ancient path? Is it the way of my Spirit? I'm making streams in the wasteland, rivers in the desert for my chosen ones. I'm making a new pathway for my beloved. It's a road to freedom, to full release, to my kingdom breaking in. For too long my people have been burdened by the systems and processes of the world, overwhelmed with pressures that I have not laid upon them. Convinced that busyness is godliness.

I'm mobilising an army and that army has to shake the decades of dust off their feet and not get drawn into the ashes again. Returning to the old in anyway will steal, kill and destroy the more that you are longing for. You must not go back. You must look for the ancient path and walk in it.

All kinds of people will call you in all different directions Believing that their method will help the move. Nothing will help because it's not by might, nor by power but by my Spirit says the Lord. Learn to recognise the distractions and ask me to bat them to the side. I'm creating a highway in the desert. I am preparing the way, levelling the ground, returning to my children. This is not a new method, it is a new era of my Spirit. If you reach a red light do not go any further. I will show you the way to walk in. Go slow throw off everything that hinders, the sin that so easily entangles, so you can run the race marked out for you. Do not build anything that restricts, contains, or limits me. It will have to come down. Don't attach anything old to the new.

The methods of the Pharisees were not compatible with what I was speaking and doing. Their systems and laws could not join with mine and they despised what I did. As the new springs up not many will recognise it and they will use my name to try and squash the will of my Father. Do not pay attention to anything that witnesses to the old. Keep asking for the way of my Spirit; only walk with me.

My mother stood with the other women and watched me die. It was so agonising, so confusing, so hard to understand, a holy mystery, but it was the Father's will for me to die. There are going to be many deaths, you will watch many things die before your eyes. Do not be surprised. Yes weep, mourn and wail but know that the new lies beyond. The quicker you can let go, the quicker you can move on.

I have always been misunderstood, my ways have always been a mystery but trust me they lead to life, breakthrough and transformation.

They didn't want me to die because they didn't understand what lay beyond. So many will be terrified to let go, so many will try and keep the old alive, so many will be used by the enemy to convince people to hold onto an old way.

Pray that I would open their eyes so they can see.

Pray that I will unblock their ears so that they can hear.

Pray for my Spirit to be poured out on all people and for every heart to be softened to respond to my call."
